Mount Zion No. 28

MARCH 2022

<https://mtzion28.com>

We are reopening !

Brethren,

Mount Zion will resume monthly meeting beginning in April. Masking and vaccination are requirements. A Summons will be issued soon with details.

From the East

Brethren of Mount Zion #28

It has been a long time since we shared fellowship in our lodge. With the coming of spring our plan is to open the lodge in the first degree in April.

We expect there will be a lot of rust that has gathered as we have not opened our lodge for two years. Our officers and anyone else who wishes to come out will start holding practices at the start of April in opening and closing the lodge.

For our first meeting in April we will start slow, limiting any visitors and holding a rusty Mason night.

We will not be holding an indoor trestle board after lodge but if weather permits we will have an outdoor BBQ before lodge so we can catch up with each other in person before lodge starts.

I look forward to seeing everyone soon,

W.M. Gord Wyse

Temple Board

The Hall will be available for rent which will help improve our revenues.

As we have been unable to have our Game Dinners or Fish Fry for some time, it is important to seek fundraisers as well. In this way, Lodge dues can be kept lower.....please think and suggest ideas.

Board of General Purposes

We are saddened by the passing of Bro Don Shaver in February.

Volunteers are needed for the International Ploughing Match. Please contact W Bro Conn if you can assist.

Only 8 members have outstanding dues. Are you one of them?

A motion for amending the By-Laws will be published in the Summons. This motion addresses relief of dues for aging members.

Upcoming:

March 30: Town Hall Webinar regarding GL Finances

April: Rusty Mason Night

May: Elections

June: Installation

Mount Zion has donated \$1200.00 to Hospice for the purchase of a new stove.
